

Pratik Guragain

Full Stack Web Developer · React / Next.js · Supabase & PostgreSQL

Kathmandu, Nepal | pratikguragain4@gmail.com | +977-9824902757 | pratikguragain.vercel.app

PROFILE SUMMARY

I'm a Full Stack Web Developer with over two years of experience building production-grade applications — from insurance platforms to service marketplaces. I enjoy the full journey: shaping the UI, wiring up APIs, designing database schemas, and shipping to production. I work primarily with React, Next.js, Supabase, and GraphQL, and I care a lot about writing code that's clean, maintainable, and enjoyable to work with. Beyond the technical side, I like being part of a team that moves fast, communicates well, and builds things people actually use.

PROFESSIONAL EXPERIENCE

InsurTech Nepal Pvt. Ltd.

Sep 2025 – Present

Full Stack Web Developer · Kathmandu, Nepal

- Building and maintaining full-stack features for an enterprise insurance platform using Next.js, Supabase, and PostgreSQL — from dynamic multi-step form workflows to server-side rendered policy dashboards.
- Designed type-safe UI components with optimistic updates, making complex insurance workflows feel fast and intuitive for end users.
- Architected Supabase Row-Level Security (RLS) policies that enforce role-based access across customers, agents, and admins without a separate permissions service.
- Shipping production-ready features in agile sprints with a cross-functional team, with clear documentation and test coverage.

Cosmotech International Pvt. Ltd.

Dec 2023 – Mar 2025

Frontend Web Developer · Kathmandu, Nepal

- Built responsive, accessible UI components across multiple client products — focusing on performance, consistency, and a smooth user experience.
- Led the move to a modular frontend architecture that made the codebase easier to extend and significantly reduced onboarding time for new developers.
- Integrated REST and GraphQL APIs using TanStack Query and Apollo Client, handling complex patterns like pagination, caching, and background refetching.

KEY PROJECTS

Taskoria — [\(Live\)](#)

2025

Next.js · Tailwind CSS · Supabase · PostgreSQL · Shadcn UI

- A full-stack local services marketplace connecting customers with verified professionals across Australia. Users post jobs, receive quotes, compare providers, and communicate directly — all in one place.
- Built end-to-end with real-time updates, secure authentication, and a structured quoting system designed for clarity and trust.

Insurance Platform — [Sunlife SunConnect \(Live\)](#)

2025 – Present

Next.js · Tailwind CSS · Shadcn UI · Supabase · PostgreSQL

- Full-stack insurance management system with policy creation, KYC onboarding, and multi-role access for agents, customers, and admins.

- Sole frontend engineer for the policy management and reporting modules — responsible for the full UI lifecycle from design handoff to production.

Student Management System

2024

MongoDB · Express.js · React · Node.js (MERN)

- Full-stack admin dashboard with CRUD operations, JWT authentication, role management, and a real-time analytics panel.

Blog Platform

2023

GraphQL · Node.js · MongoDB

- Full-stack blogging application with user roles, rich-text posts, nested comment threads, and an Apollo GraphQL API.

Portfolio Website — guragain

2024

Next.js · React · Tailwind CSS

- Personal portfolio deployed on Vercel — showcasing projects, skills, and a downloadable resume with a clean, responsive design.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks: React.js, Next.js, Node.js, Express.js, GraphQL

Database / Backend: PostgreSQL, MySQL, MongoDB, Supabase, Sanity CMS

State & Data Fetching: TanStack Query (React Query), Apollo Client, Zustand

Styling & UI: Tailwind CSS, Shadcn UI, SCSS

Tools & DevOps: Git, GitHub Actions, Postman, Vercel

QA & Testing: Manual testing, test case design, bug tracking

EDUCATION

Bachelor of Information Management (BIM)

Graduated 2024

Kantipur College of Management & Information Technology — Tribhuvan University, Kathmandu

High School Certificate

Jan 2018 – Jan 2020

Model Campus Damak, Damak, Nepal

TRAINING & CERTIFICATIONS

MERN Stack Training — Mindrisers Institute of Technology

An intensive full-stack bootcamp covering MongoDB, Express.js, React, and Node.js through hands-on, industry-grade projects — where I built my first complete web applications and got comfortable with end-to-end development.
